[the hollowing of western democracy libraryllanova](#)

Ruling the void : the hollowing of Western democracy / "In the long-established democracies of Western Europe, electoral turnouts are in decline, membership is shrinking in the major parties, and those who remain loyal partisans are sapped of enthusiasm. Peter Mair's new book weighs the impact of these changes, which together show that, after...

[gender de commodification economic in dependence and](#)

Sweden has been considered both 'worker friendly' and 'women friendly'. Both workers and women have called upon the welfare state to support their demands and they have also had some of their requests granted. Feminists' oldest and most important demand has been economic independence from men and the capacity to form and maintain an autonomous household including children.<sup>1</sup> The article ...
